Introduction and Project Overview

This is the second draft of the External Design Document for our project, ShopStack, which is an online shopping website that provides users with a friendly and seamless shopping experience.

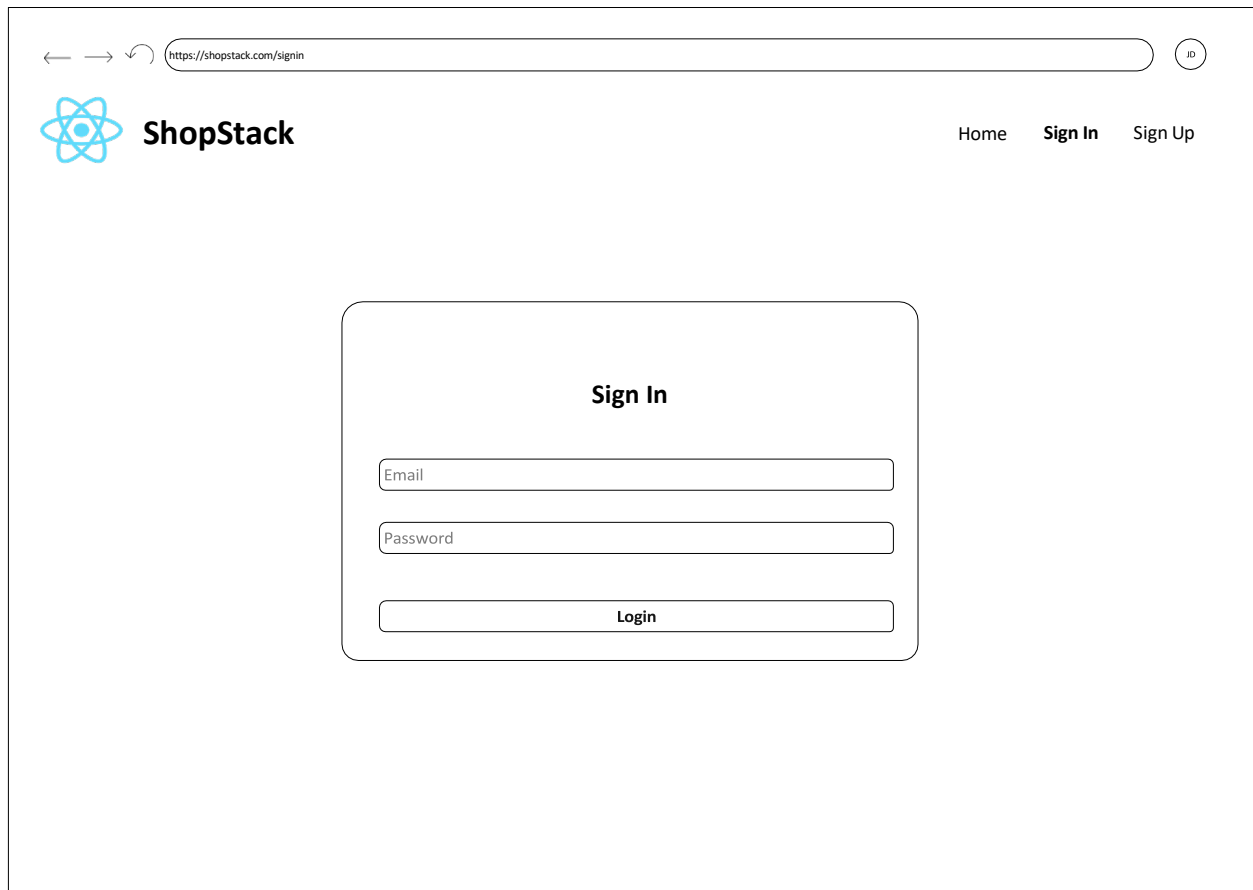

This draft of the External Design Document will outline the wireframes for the main pages of our site and provide initial screenshots of the current frontend development of our project.

Wireframes

Homepage:

Sign in Page:

A wireframe of a web browser showing the ShopStack sign-in page. The browser's address bar displays the URL `https://shopstack.com/signin`. The ShopStack logo is in the top left, and navigation links for Home, Sign In, and Sign Up are in the top right. The main content area features a central sign-in form with fields for Email and Password, and a Login button.

Sign Up Page:

A mockup of a web browser showing the ShopStack sign-up page. The browser's address bar displays "https://shopstack.com/signup" and a user profile icon labeled "JD". The ShopStack logo is in the top left, and navigation links for "Home", "Sign In", and "Sign Up" are in the top right. The main content area features a "Create Account" form with input fields for "Name", "Email", and "Password", followed by a "Create" button.

Home Page:

Sign In Page:

Sign Up Page:

The image shows a web page for ShopStack. In the top left corner is the ShopStack logo, which consists of a blue atom-like icon followed by the text "ShopStack". In the top right corner, there are three links: "Home", "Sign In", and "Sign Up". The "Sign Up" link is bolded. The main content area has a light blue background. In the center of this area is a white rounded rectangle with a subtle drop shadow. Inside this rectangle, the title "Create Account" is centered at the top. Below the title are three input fields, each with a label on the left: "Name", "Email", and "Password". At the bottom of the white rectangle is a solid blue button with the word "Create" centered on it.
